## PSE'S SOCIAL SERVICE

### Leakhéna,

A former ragpicker who is now Head of the PSE Social Service, tells us about her daily life:

Every morning, exhausted mothers, grand-mothers, fathers, accompanied by young children, knock on PSE's door. They are in a condition of unimaginable misery and despair...

#### How does the social service work?

It's like a hive of 30 social workers! We welcome families, listen to them and visit them at their place of residence. Before onboarding children, we conduct a «social survey» because our resources are limited: only the poorest of the poorest can be admitted.

#### What are the emergencies you have to deal with?

This is one case among many: a mother died due to a lack of medical care. The father left home. If we do not intervene, their daughter Sreyneng, 12 years old, will have to take care of her grandmother who has a mental disorder and look after her little brothers and sisters. In order for her to have a future and help her family, we will welcome her and send her to school. The smallest children will be cared for at the mother-child-care or in host families. Then, one day, they will join our students in vocational training!

Every day is like the first day: New children need help. We cannot idly stand by... This is the mission of PSE, and we must do everything we can to continue what Christian and Marie-France started more than 20 years ago.

More than **6000 CHILDREN** are cared for each year

More than **3000 FAMILIES** assisted

**4500 FORMER STUDENTS** with a qualified job

Lyheang Heng met «Papy» and «Mamie» at the age of 11 when he was selling pieces of material picked up on the street.

He spent his entire school career at PSE and is now working in a 5-star hotel in Phnom Penh.

Lyheang devotes a part of his free time to PSE as a summer camp instructor. «I want to give back to PSE everything I have been offered. »

I would like to receive PSE news:  yes  no

***I would like to sponsor*** (companies: see overleaf)

by contributing to the care of one or more children by donating:

47€ /month tax deductible

Other: € /month

I would like to receive the quarterly newsletter:  by post  by email

The reference sponsorship is 47€ per month: it covers the global support of a child. However, everyone can sponsor according to his/her possibilities: what matters is **regularity over time**. There is no small or large sponsorship, there is only a contribution to the rescue of children!

**Sponsor's word:** "The simple act of sponsoring makes it possible to save a child's life once and for all! What a reward to see their smiles, their cheerfulness, their success. In reality, we are the ones who are lucky to cross their path." M.R, Bordeaux

**PSE Luxembourg a.s.b.l. Luxembourg development NGO: take advantage of the tax deduction!**

At the beginning of April 2010, our Luxembourg association received from the Minister for Cooperation and Humanitarian Action, the approval as non-governmental development organisation (NGO).

Your contribution can benefit from tax deductibility of your tax base. We will send you a tax receipt. Your deductible donations must be equal to or greater than 120€ and are capped at 20% of your annual net income or at 1,000,000€. In case of an overrun, you can defer the overruns over the next 2 years and within the same limits. You can thus save the equivalent of your marginal section of taxation on the total amount of your donations.

**Cross-Border donations: your donation from France, Belgium or Germany**

Foreigners working in Luxembourg or foreign persons with a link to Luxembourg can also benefit from tax deduction of donations made in Luxembourg within the tax framework of their country.
